

Since the American Legion Auxiliary, Jackson-Hughes Unit No. 368, Department of Texas was chartered in 1993, through membership and leadership, much has gone into what we've been able to accomplish together. We've challenged ourselves to find new ways to generate and maintain our enthusiasm and commitment to continue the support that we give to our American Legion Auxiliary programs and our American Legion Family Programs. We keep that commitment within us, as we strive to accomplish even more, doing our best for each other and what we support.

Because we work to retain our existing members and welcome new members, we are able to continue support of our programs and our organization. We've grown from experience with each other, continuing to find innovative ways to raise funds for our programs, recognizing that we each have individual talents to contribute and working within that, we add to our successes....above all, support for our Veterans. As a Unit in the American Legion Auxiliary, we are an integral part of our organization and our American Legion Family, supporting each other, and continuing to do the wonderful work we do.

We are proud of the history of our organization and our Unit's own history. Since our Unit was formed we have contributed hundreds of thousands of dollars and thousands of volunteer hours in support of our Veterans and our many programs. Realizing that not all members can be "active", membership is *very much needed* because, quite simply, just by being a member helps greatly for us to do the work we do.

We remain committed to support, first and foremost, our Veterans and their families, and many others. With the many options we have for support, the dedication, the utilization of the talents of our members, and our promoted cooperation amongst our entities, will serve to see Unit 368 accomplishing much going forward!
